

ReadersMagnet looks forward to reconnecting with booklovers at the ALA Annual Conference & Exhibition

With the world's biggest library event returning as an in-person event, the self-publishing company heads to the capital.

ReadersMagnet joins over 900 vendors in exhibiting at the 2022 American Library Association (ALA) Annual Conference & Exhibition, which will be held on June 23-28, 2022 at the Walter E. Washington Convention Center, Washington D.C.

The onsite ALA Annual Conference & Exhibition brings together thousands of librarians and library staff, educators, authors, publishers, friends of libraries, trustees, special guests, and exhibitors. Attendees participate in events, hear inspiring speakers, and learn from thought leaders and colleagues at hundreds of programs and in-depth sessions. Events and discussions are aimed towards improving libraries and communities and assisting library professionals in developing their careers.

Attendees should look forward to the Exhibition, where products and services that aim to improve library services and support librarians' career development are on display. Vendors display new services, technologies, books, and products in the world's largest library-focused exhibit hall.

Authors should never miss the ALA Annual Conference & Exhibition, where entertaining networking opportunities with fellow authors and like-minded individuals await them. Authors should know that displaying their books at the said trade show will help put their works in front of the library marketplace.
